

ALICE IN WONDERLAND CRAFTS – CARD SOLDIERS

reshared from June 2014

Make your own Alice in Wonderland Soldiers: Materials:

- * old playing card
- * red or black construction paper
- * white paper
- * pipecleaner (for arms)
- * pens for details
- * scissors & glue stick

Soldier Craft Steps

You'll need:

- * 1 head (heart, diamond, spade or club)
- * 1 face (depending on shape a circle, heart or triangle)
- * 1 large heart for the cape
- * 2 rectangles for feet

Cut out the large heart and trace it on to the construction paper to make a cape for your card soldier. You can match the color of your playing card (red or black), or not. It's up to you!

Cut out and trace the shape of the head you want for your playing card. Again, you can match the color and suit (heart, diamond, spade, club/clover) of your card, or not. If you'd like to make a white face for the card, you can cut that out too, in a corresponding shape to the head.

Decorate the face however you'd like.

Cut out two rectangles of construction paper for the feet.

Cut out all your pieces and assemble!

If you'd like to add pipecleaner arms, attach them to the back of the card (where the design is), and then attach the heart cape over the arms, with the point at the bottom of the card and the top of the heart folding over the top of the card (where the card person's "shoulders" would be).

Glue (or tape) the head (and face) to the front of the card (where the number is).

Fold the two small rectangles of paper in half length-wise, cut a small slit in the middle, and slide the card into the slits to make your card person stand up.

Don't they look fun!!
